- Dozens of formats supported : HTML, gif, jpeg, video, audio and all MS Office formats (1)
- Tools for personalization and enrichment of the information: Sticky Notes and Highlighter
- Web format export for viewing in a standard Web browser
- Internet publication

NEW IN VERSION 2.7

- Drag&Drop of Web page excerpts
- Preview a Web book anytime
- Ad free version (if registered)
- Original documents embedded with the exported KeeBook (native format)

COMPATIBILITY

- Windows 95, Windows 98, Windows NT4, Windows 2000, Windows ME, Windows XP

(1) Some document types (such as office-automation documents and images) need to be converted to HTML in order to be displayed in KeeBook Creator. To do so, KeeBook Creator uses Microsoft Office (97, 2000 or XP) convert-to-HTML abilities.

With KeeBook Creator Education,

- **Gather, store and organize** all types of electronic documents.
- **Create** workbooks of your teaching majors.
- **Speed-up** your Web quests and **enhance** them with personal annotations.
- **Publish** your students' books.

KeeBook Creator Education is altogether:

- a **teaching medium**,
- a **creative software**,
- a **communication tool**.

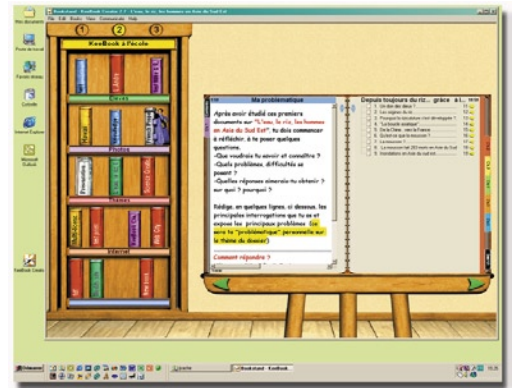

It allows users to create their own «books» and produce for example:

- Web quest scrapbooks,
- teaching reports
- assignments workbooks.

It is a tool to **gather, enhance and present** all types of electronic contents.

It gives the possibility:

- for **teachers** to create their own teaching workbooks.
- for **students** to manage their Web quests and personalize them.
- for **teachers and students** to better communicate with each others.

KeeBook Creator Education in Bookstand mode

Gather, organize, personalize, enhance, send and publish

- Gather all kinds of Web and personal documents in a KeeBook by drag&drop.
- Organize the pages into chapters and sub-chapters in just seconds.
- Store KeeBooks in your personal library . Personalize your bookcases and bookshelves by classes or majors

- Enhance the pages by inserting sticky notes with your comments or highlighting important sentences or paragraphs.
- Send your KeeBooks via e-mail to colleagues or students.
- Publish the KeeBooks on your school intranet or on a Web site created in class.

KeeBoo ensures the most secure payment system for purchasing your KeeBook Creator license. All data entered online are immediately encrypted, saved on the secured KeeBoo server and then transmitted to the payment service.

Document available for download on the KeeBoo Web site at www.keeboo.com

KeeBook Creator Education Usage Scenarios

For K-12, secondary and higher education, training and instruction, KeeBook Creator Education is an incomparable tool that will revolutionize the way you work with the internet and the way you organize and present your work.

Usage Scenarios for KeeBook Creator Education	
Usage	Scenario
Student Portfolios	Portfolios are collections of selected student work representing an array of performance. Due to its unique book concept and its amazing features for gathering, personalizing and communicating information, KeeBook Creator Education is the best tool for students to create portfolios and to accomplish all the above-mentioned tasks, in one sole application.
Web Quests	A Web quest is an inquiry-oriented activity in which some or all of the information the learners interact with comes from resources on the internet. With KeeBook Creator Education, you can <ul style="list-style-type: none"> • create a workbook of internet sites and subjects to visit or study. • create a scrapbook of Web sites visited and ask students to add comments. • send books to colleagues or students.
Let's Be Organized	KeeBook Creator has the following advantages to organize online or offline resources: <ul style="list-style-type: none"> • An organized approach to storing information • Group according to project/theme/subject • Makes Web sites accessible to other students and teachers even offline.
Distance Learning	Create books for your distance learning assignments or lessons. A real book environment provides the students a better learning and pedagogical experience.
